Background: Dominick's experience as Vocal Music president in 1986 led JBHS Show Choir to award-winning status, resulting in an appearance on ***Oprah*** and the program serving as inspiration for the hit series ***Glee***. His brush with community theater at Cedar Street Theater in the Antelope Valley furthered his theatrical experience. Storytelling skills learned in the trenches during twelve years working as an artist for Disney Feature Animation (*Lion King, Pocahontas, Hunchback of Notre Dame, Tarzan, Little Match Girl and One-By-One*) led to a career writing and directing award-winning live action films. All of this storytelling experience informs his craft as a highly nuanced and interpretive voice talent.
